

German for Foreign Guests of Karlsruhe Institute of Technology

LD301

Beginners

The course aims to improve understanding and conversation of the German language. It is designed for all foreign employees of Karlsruhe Institute of Technology.

The language school will give support and advise on which course to attend.

The following topics will be covered:

- greeting, introducing yourself
- giving essential information about yourself
- naming objects
- referring to places inside a building
- numbers until 100
- verbs in present
- asking and answering questions
- different articles
- negation.

Participants may join the courses during the entire year.

If you wish to participate in this course, please register with Ms. Melanie Laupichler (phone 0721 608-26611). The learning material is not included in the course fee and must be paid separately to the language school.

The course comprises a total of 10 lessons of 90 minutes each once or twice a week from 17:00 to 18:30.
